

ROCK SERVIS REVIEW OF DAMANEK "MAKING SHORE"

Rock Serwis

43m · 🌐

🎵 Well-known for landscape fans, the group [DamaneK](#) is back with its third publication. "Making Shore" is a beautiful, very picturesque musical journey, not letting itself be clearly labelled in one music genre. Here you will find captivating melodies, charming agility and sophisticated instrumental parts, reaching inspiration from rock, folk, jazz and classical music.

This is a warm, light and pleasant record, just right for long grey evenings.

You can find the album in our store:
